

# Kindergarten Readiness

## Checklist

Use flash cards to complete each of these checklists. As you show your child the set of flash cards, separate them into two piles – one for letters/sounds identified correctly and one for letters/sounds identified incorrectly. After you have finished a set of flash cards, go through the checklist and mark the letters your child got correct. Tally up all correct answers.

Use flash cards to complete number identification checklist. As you show your child the set of flash cards, separate them into two piles – one for numbers identified correctly and one for numbers identified incorrectly. After you have finished a set of flash cards, go through the checklist and mark the numbers your child got correct. After completing number identification, ask your child to count to 100. Use checkmarks next to each number your child counts correctly. Tally up all correct answers.

____/100																			

Use flash cards to complete each of these checklists. As you show your child the set of flash cards, separate them into two piles – one for shapes/colors identified correctly and one for shapes/colors identified incorrectly. After you have finished a set of flash cards, go through the checklist and mark the cards your child got correct. Tally up all correct answers.
