Buddies

SUPERHERO COSTUME

TRANSFORM YOUR DOG INTO
A SUPER BUDDY!

YOU WILL NEED

Felt Cape Fabric (Up to one yard)
Felt Symbol Fabric (Multiple
colors like red, blue, yellow)

Printer
Scissors
Non-toxic Glue
Velcro

DIRECTIONS

1. Download and print the templates on the following pages.
2. If you have a very small pet, you can use the attached cape template, align the top and bottom pieces together and cut from a single folded piece of felt. If you have a medium or large pet, you will need to adjust the template to fit your pet.

Fitting your pet: Measure your pet from its neck to its tail and cut a piece of felt according to that length, cut the width the same size creating a square. Use the attached template as a reference to cut your cape shape. Fold your felt in half and trace the template shape onto the felt. Cut through both sides, so you will wind up with a whole cape.

3. Cut a piece of velcro about 2 inches long. Attach one side to the top of the right side and attach the other side to the bottom of the left side.
If you have a larger pet, make the velcro strip longer.
4. Choose the superhero symbols you prefer and cut them out of varying colored felts.
5. Fold a piece of felt in half, then trace the shield template on the felt, cut through both sides of the folded fabric, so you'll wind up with a whole symbol.
If you have a larger pet, you may want to make the shields and symbols a little larger in order to stand out more.
6. Lay the cape flat on a tabletop and layer the symbols on top, get creative with this, once you are satisfied with your design, glue all the pieces together and let dry.
